

DREDGING AWARENESS

ALWAYS

Pass a dredge on the side displaying two diamonds during the day or two green lights arranged vertically at night.

NEVER

Pass between between moorings and a Dredge. Keep a sharp eye out for moorings when transiting nearby.

REMEMBER

You can contact the Dredge on VHF CH 16 and 13. Keep CH 16 clear for emergencies by switching to 13 after making contact with the dredge.

COMMON TYPES OF DREDGES

BUCKET DREDGER

GRAB DREDGER

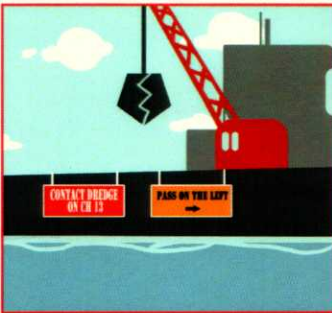

ALWAYS

Stay well clear of Dredge Vessels and leave no wake.

NEVER

Pass between a tug and a vessel being towed. The tow line may be hidden beneath the water!

REMEMBER

The Dredge MAY display "pass" and "CH 13" signs but this is not required.
